### We're Running Out of Guitars!

The dealer incentives behind this discount pricing is a limited time offer, and only applies to inventory that your dealer orders before the end of this year - or as long as supplies last - whichever runs out first! And right now, first week of December, the last remaining models of the amazing Voyage-Air guitar are getting snatched up FAST.

### Why am I Receiving this E-Mail?

Simple. You asked to be on our e-mail list, or you recently attended a concert or other event sponsored by Voyage-Air Guitar. We want to make sure that our fans and loyal customers get first chance at the discounted prices that are going on NOW - especially considering that these prices are a one-time, right NOW offer.

### What Should I do Next?
